

#1 HITS FROM #1 ARTISTS FROM THE 20'S TO THE 80'S

A Story & A Song

Memory Lane Music has been entertaining at Restaurants, Private Events, Independent Living, Assisted Living and Memory Care Living Facilities for the past 3 years in Forsyth County, as well as parts of Hall and Fulton County.

The music is performed by two brothers (Nick & Mike) that enjoy sharing and playing nostalgic and current music for their audiences.

Brooklyn 1991

A typical show is an hour long, and not only consists of music, but also the stories that go along with the songs. Who wrote it, why it was written, what was the inspiration for it, etc. This has proven to be entertaining and beneficial to memory care residents, as well as other listeners that really enjoy the "untold" stories of songs that they have know their whole life.

Easy Listening Hits from

*"I haven't heard that song in years,
thank you!"*

"That was my wedding song..."

- Actual quotes from delighted listeners

REMEMBERING THE GOOD OL' DAYS THROUGH MUSIC

Our goal and objective is to provide a unique experience though Story & Song for all those that view our performances. We find it very rewarding to provide an enjoyable, fun and memorable experience to our audience.

Memory Lane is available for regularly scheduled entertainment, such as monthly performances, as well as private functions, parties and house concerts. We also have a Christmas Show set for the holidays, but book early, as December dates fill up fast!

Our Story

We are 2 brothers, retired and living here in the wonderful & beautiful state of Georgia. Born and raised in Brooklyn, NY, we lived in a community consisting of many family relatives that loved music and good times. Our Dad always enjoyed playing music (records, that is), especially Big Band Music as well as many other types of music from the early `1900's, through to the 1960's, etc., that have been an influence on us.

Nick uses a Roland Virtual Accordion that has the ability to choose from up to 250 pre-recorded sounds of musical instruments such as saxophone, clarinet, banjo etc. Mike uses a Fender Stratocaster electric guitar that is a special, limited 50th Anniversary model, manufactured in 2004, that has the classic Fender sound that has been used worldwide by many musicians throughout decades.
